

Berba grož?a broj 1 :) Picking grapes number one :)

Ovu subotu brali smo grož?e kod mog dragog, a razlog zašto je broj 1 je taj jer u petak idemo u moj vinograd u berbu :) bit ?e naporno! Bilo nas je dosta, ubrali smo 1500 litara vina što za takav vinograd nije ni loše ;) dobro smo se zabavili, a još bolje najeli! Evo par fotkica da vam do?araju moj kraj i berbu :)

This Saturday we were picking grapes in the vineyard of my boyfriend and the reason it says number one is that on Friday we are picking grapes in our vineyard so be prepared for pictures! We made 1500 liters of vine what is for a small vineyard like this very good! We had lots of fun and lots of good food so here are some pictures in witch I want to show you the grape picking and the landscape that I live in!

White and Rose grapes :)

It was so many grapes!

And so yummy :)
