

Najdraži nacin pripreme krumpira/ My favorite way of making potatoes

Eto, došlo je i do toga. Krumpir. U rijetkim trenucima kad ja kod kuće kuham, većinu vremena radim ove krumpire. Jako su jednostavni, vjerojatno ih sve znate ali meni je ovo najdraži način za spremanje krumpira :) nije ništa egzotično, ništa posebno...samo.... KRUMPIR :D i tuđim se sama sebi, već dugo nisam spremala ništa slatko :)

And it came to this.... Potato. In the rare moments when I cook at my house, almost every time I make these potatoes. They are very simple, you probably know how to make them but I wanted to share it with you because this is my favorite way to make it! Nothing special, nothing exotic...just.... POTATO :D and I'm wondering why what's wrong with me because I didn't make anything sweet in two weeks now :D

Ja osobno volim kad malo "prekuham" krumpir. Zna?i nešto izme?u kuhanog krumpira i pire-krumpira! Kad su kuhani, ocjediti ih. U drugu posudu staviti malu ulja i zagrijati te na to staviti krumpir pa dodati Vegetu i peršim i sve lijepo sjediniti! I to je to - kako sam rekla - jednostavno ali najdraže :)

I, personally, like my potatoes a bit overcooked!! I mean, something between cooked potatoes and mashed potatoes. When they are cooked, drain them. In another bowl put a bit oil and heat it and put potatoes on it. Then the Vegeta and parsley and blend all together! As I said, very simple but favorite :)

Ja sam poslužila krumpir sa maminom svinjetinom paniranom sa sezamom :)

I served it up with my moms fried pork with sesame seeds!

Nisam pekla ništa slatko ve? 2 tjedna. Ali zato imam spremnu listu slastica koje pe?em za Uskrs, samo ?ekam da se malo smiri faks i svi ti kolokviji pa da mogu dalje nastaviti :) Drugu subotu putujem u Sarajevo sa roditeljima i de?kom i baš se veselim tome, tj. svi se veselimo malo se odmaknuti od svakodnevice i opustiti u jednom roadtripu ;) **i da, mali hint za slastice koje slijede do kraja mjeseca - Miki i Minnie Mouse :)**

Ugodan vikend svima, ja se idem opustiti u malom shopping pohodu na metropolu sa sekom ;)

I didn't bake anything in 2 weeks! But i have a list prepared for Easter sweets when my collage exams come ta an end so I can move on! I have a road trip planned for next Saturday, my mom and dad, my boyfriend and I are traveling to Sarajevo for the first time and we are very excited about it! Just to get away from the life here for the weekend and relax a little bit! ;) **and a little hint for the sweets i'll be making until the end of this month - Mickey and Minnie Mouse :)**

Have a nice weekend everyone, i' m getting relaxed in a little shopping spree with my sister :)
