Priprema muffina:

Preparing the muffins :

Zagrijati pe?nicu na 200 stupnjeva i pripremiti košarice za muffine. Meni je ispalo 12 cupcakesa :))

Mlijeko, jaja i ulje lagano istucite pjenja?o da se povežu te ih dodajte suhim sastojcima. Sve dobro pormiješati i nakaraju dodati komadi?e ?okolade i kekse koje ste smrvili isto tako na manje komadi?e :) Pe?i cca 20 minuta, izvaditi i pustiti da se ohlade do kraja.

Preheath the oven to 200 degrees and prepare the cupcake liners. I got 12 cupcakes from this

mixture. Mix egg, milk and oil until well combined and then add it to the dry ingredients. Mix all well together and then add the chocolate chips and smashed cookies (into small chunks). Fill the liners and bake for about 20 minutes. Take them out and chill all the way trough.

Priprema kreme od ?okolade i keksa:

Preparing the chocolate and cookies cream:

Zagrijati vrhnje i med do to?ke vrenja i u to staviti ?okoladu i na najmanjoj vatri otopiti. Ostaviti da se ohladi pa miksati dok se ne udvostru?i te dodati samljevene kekse.

Heat the cream and honey to the boil and add the chocolate and melt it on small heat. Leave it to cool and then whip it until it doubles. Then add the smashed cookies and mix well.

Ukrasite kremom po želji :) ja sam na svaki cupcake kao bonus dodala i polovicu kekse da upotpune dojam :)
